

Call for Papers: Special Issue on Statistics and Data Science: new Developments for Business and Industrial Applications

The official journal of ISBIS, the International Society for Business and Industrial Statistics, *Applied Stochastic Models in Business and Industry* (ASMBI), [http://onlinelibrary.wiley.com/journal/10.1002/\(ISSN\)1526-4025](http://onlinelibrary.wiley.com/journal/10.1002/(ISSN)1526-4025) is inviting contributions for a special issue devoted to advances in Statistics for Data Science, following the Joint Meeting of SIS SDS Group and itENBIS: S&Ds 2018 - Statistics and Data Science: new Developments for Business and Industrial Applications, <http://www.sds2018.polito.it/>.

The objective of the issue is to present recent developments in Statistics that are relevant to successfully address problems typically faced by Data Scientists. The focus will be on the interface between Statistics and other disciplines, relevant for data science, big Data and other analytics projects, with emphasis on applications in business and industry and in line with the usual topics of ASMBI

Papers should present either innovative methodologies in Data Science, or forceful applications of existing methods. Submissions are not restricted to papers presented at the S&Ds 2018 meeting. All submissions will go through the standard, selective review process of ASMBI. Submissions are possible until November 1st, 2018 through the website <http://mc.manuscriptcentral.com/asmb>.

Please follow the ASMBI author submission guidelines given on the ASMBI website and clicking on the box about submissions for special issues, mentioning "S&Ds 2018" when requested.

The Guest Editors of the special issue will be Nicola Torelli (nic.torelli@deams.units.it) and Grazia Vicario (grazia.vicario@polito.it). For any information about the ASMBI journal, please contact its Editor-in-Chief, Fabrizio Ruggeri (fabrizio@mi.imati.cnr.it).
